

Grupo Condumex received the "Technological Culture Award"

Last July 2006, **GRUPO CONDUMEX** received the "Technological Culture Award" as a result of its constant technological innovation. This award was honored by CONACYT, CONCAMIN, CANACINTRA and FEDERAL GOVERNMENT.

The path of **GRUPO CONDUMEX** has been characterized by our interest on technology research and development. **CIDEC (Centro de Investigación y Desarrollo Condumex)** was created to support this purpose, an institution of technological excellence oriented to the creation of new products, compounds and materials, design, continuous improvement and development of processes and systems.
